Sydney Girls High School Year 10 Science Conference 2005

Scientists Unite!

Hello from the science staff of Sydney Girls High School. Are you interested in an evening of enquiry with our best scientific minds? We are looking for people with a scientific background to attend our year 10 science conference on Wednesday 8th June from 4pm.

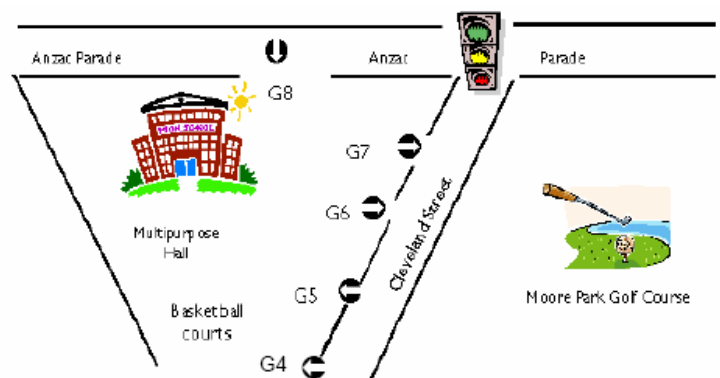

Last year over 60 scientists from all over Sydney attended and reported they were very impressed at the standard of over 150 students' scientific research. There are significant changes this year and a smaller number of selected students will be presenting short Powerpoint presentations on their research in a more professional scientific conference setting. Judges are welcome to attend anytime between 4pm and 8pm for as many or few hours as you can spare.

Judges will be working in pairs or small groups so you can discuss students' work and record your thoughts. Students will present their research summary by Powerpoint presentations and judges will then ask questions to gauge the students understanding. You will be provided with some guiding questions but feel free to ad lib in order to ascertain further details.

Organisational details:

Arrival and Parking:

Please enter the school by Gate 5 on Cleveland St and park in the area surrounding the school. Entrance to the venue is via the front of the school facing the corner of Cleveland St and Anzac Parade.

Refreshments will be provided to keep you going throughout judging.

If you have any questions please contact me at 9331 2336 during school hours, email at gharrison@sghs.nsw.edu.au or 9360 9702 (fax).

Yours sincerely,

Gregg Harrison (Science Head Teacher)
